

Dr. Michael J Downie,
DDS, MD

Dr. Downie received his D.D.S. from the University of Minnesota School of Dentistry in 1996. Dr. Downie received his M.D. from the Texas Tech University Health Sciences Center in 1999. He then completed a one year internship in general surgery at Baylor University Medical Center in Dallas, TX and subsequently finished his 6 year oral and maxillofacial surgery residency at the Baylor College of Dentistry/Texas A & M University System in 2002.

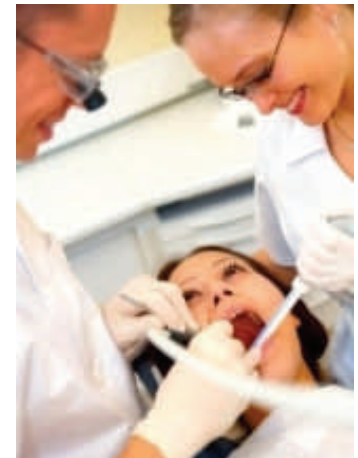

He joined Twin Cities Oral and Maxillofacial Surgery in 2002. Professionally, his passion is excellence in dental implant surgery and bone grafting for his patients. In 2003, he started the Twin Cities Implant Society - a professional study club for referring dentists to focus on excellence in implant dentistry through high-quality continuing education.

Furthermore, Dr. Downie continues to mentor general dentists on the surgical aspects of placing dental implants. He is a board certified Diplomate of the American Board of Oral and Maxillofacial Surgery ([ABOMS](#)) and is a member of the American Association of Oral and Maxillofacial Surgeons ([AAOMS](#)), American Dental Association ([ADA](#)), Minnesota Dental Association ([MDA](#)), American Medical Association ([AMA](#)), and a member of the Executive Council for the St. Paul District Dental Society (SPDDS).

This will be a great opportunity for the dentist interested or already involved in the placement of dental implants. This course will cover all angles giving you a better understanding of the entire process. Dental implants have become a common and successful treatment option for restoring missing teeth and will increasingly play an important role in the future of dentistry.
